

## DEMOCRATS WILL NAME WOMEN ON LOCAL COMMITTEE

Another County Primary Also Probable in Which Women May Vote If Suffrage Amendment Is Ratified.

Rafael S. Bryan, chairman, has called a meeting of the Democratic county executive committee for next Tuesday at 10:30 o'clock at the courthouse. The purpose is to present to the committee a plan for the appointment of women in each ward and district to act as advisory members of the committee. Mr. Bryan issued the call after conferences with other members of the committee, all of whom favor selection of such a woman's committee.

The method of selecting the woman's advisory committee will, of course, be determined by the executive committee, but it is probable that a subcommittee will be named to advise with ward and district committees, and that the names of women will be reported a week after next Tuesday.

E. H. Crump, candidate for re-election as county trustee, Frank M. Guthrie, candidate for re-election as probate judge, O. H. Perry, candidate for re-election as sheriff, and G. Dave Wells, candidate for county tax assessor, already have received the nominations for those offices. However, all of them Tuesday expressed themselves as favoring another primary in which the women of Shelby county can vote, should the suffrage amendment be adopted. The necessary vote of two-thirds of the delegates to the state Democratic convention in June, both as delegates-at-large from each congressional district and from the counties.

The state committee fixed the date of the convention for June 3. The delegates are to be selected in each county on May 22, the method of selection being left to the Democratic executive committee in each county.

## French Agree With Wilson On Turk Problem

PARIS, March 20.—It was said at the foreign office today that the French point of view regarding Turkey and Armenia is in agreement with that of President Wilson as to the desirability of the largest possible Armenian state and the expulsion of Turks from Constantinople. The question is raised, however, as to how these ends can be accomplished without the force necessary to deal with the trouble certain to result among the Moslem population. (President Wilson's note on the Turkish question was delivered by Ambassador Wallace during the council of ambassadors in Paris yesterday.)

It would require a force of several hundred thousand men to back up a decision to eject the Turks entirely from Europe, a high official said. He pointed out that the league of nations to which would naturally fall the obligation of dealing with the situation created by such actions had no force at its command.

## \$60,000,000 ASKED.

WASHINGTON, March 20.—Appropriation of \$60,000,000 for army aviation in 1927 was recommended today to the house military committee by Maj. Gen. Charles T. Mencher, director of air service.

Of the total, \$22,714,000 would be used for production and purchase of airplanes and \$37,286,000 for balloons, airships and lighter-than-air machines. Gen. Mencher recommended an air service personnel of 14,000 officers and men.

## STOCKYARDS STRIKE PREVENTS NEW RECEIPTS

CHICAGO, March 20.—No fresh receipts of livestock were on hand today at the stockyards here, and trade was held over from yesterday. The strike of stockyard employees continued and quotations were not available in any branch of the market.
